Application

YELLOWSTONE BOYS & GIRLS RANCH FOUNDATION ALUMNI SCHOLARSHIP PROGRAM

Funds to help students enrolled in college or a vocational training program are provided by several Yellowstone Foundation donors.

Kenneth C. Carpenter

Mr. Carpenter was a man of few words and modest in his lifestyle. He grew up on the family farm outside Chinook, Montana. He attended Northern Montana College and earned a degree in Civil Engineering from Montana State University. After being honorably discharged from the United States Army, he worked as a civil engineer for the Montana Department of Transportation.

Helen Doornbos Hull

Mr. Marvin Hull provided funds in memory of Mrs. Helen Doornbos Hull to commemorate her life, her great love for children and her life-long dedication to education. Mrs. Hull studied to be a teacher at college in Dillon, Montana. Attending school during the Great Depression, she knew first-hand the struggles students experience trying to balance a budget while going to school.

Carrol V. Lipp

Mr. Lipp provided funds received for giving his extremely rare type of blood for use in cancer research conducted by Dr. Georg F. Springer in the state of Illinois.

Preference for these scholarship funds will be given to Yellowstone Boys and Girls Ranch students who are interested in a career in medicine or Christian service. Preference will also be given to Yellowstone Boys and Girls Ranch students from the state of Illinois.

Lauren P. Miller

Mr. Miller provided funds because of his concern for the children of Yellowstone Boys and Girls Ranch and his appreciation for the importance of a good education.

Charles & Edith Blackstone

Mr. & Mrs. Blackstone understood the increased challenges that the younger generation faces in pursuing a higher education and provided funds to assist with the costs of the first year.
