JOHNSON SCHOLARSHIP CRITERIA

Eligibility

Candidates for a Scholarship must meet the following criteria:

1. Students must be a U. S. resident and a resident of McCone County at the time of graduation from high school and have graduated from Circle High School or another public high school.
2. Students must be or going to be a degree candidate at an accredited two or four year institution, including vocational schools, which normally maintain a regular faculty and curriculum and normally have a regularly enrolled body of students in attendance at the place where its educational activities are regularly carried on (“Educational Institution”). Students must begin attendance the fall term immediately after graduation.
3. Students applying during the final term of their senior year of high school must have maintained a cumulative GPA of 3.0 or above for all completed terms of high school.
4. Students applying while attending an Educational Institution must have maintained a cumulative GPA of 3.0 or above for all terms of high school and for all completed terms at all Educational Institutions.
5. Students must postmark or submit a substantially complete application with the required **official transcript(s)** and current letters of recommendation by the application deadline. **The application, transcript(s) and letters of recommendation must be submitted simultaneously, in one complete package.** Recipients who do not timely notify Yellowstone Foundation of any relevant changes in their plans, such as: not attending an Educational Institution, attending a different Educational Institution, a change in tuition or fees, or grant or scholarship amounts to be received, may have their scholarship reduced or revoked, and may be deemed ineligible for future scholarships, as determined by Yellowstone Foundation.
6. Students are only eligible for up to four school years of scholarships, beginning the first school year and ending the fourth school year after high school graduation. If a student is not eligible for a scholarship one year, the student will lose one of the four years of eligibility; however, the student can still be selected the next year

for one of the remaining four years of eligibility, if the student has any left, as long as the eligibility requirements are met at that time.

7. A student who is, or whose spouse is, descended from or a sibling to Melvin or Kathryn Johnson or a current Advisor or a person who has served as an Advisor in the 5 year period ending on the date when the Advisors make scholarship recommendations to Yellowstone Boys and Girls Ranch Foundation (“Yellowstone Foundation”), or who is a “disqualified person” as defined in IRC Section 4958(f) (1), as amended, with respect to Yellowstone Foundation, is ineligible.

Selection Criteria

1. Prior academic performance, including grades and difficulty of courses completed.
2. Motivation, character, ability and potential based on current letters of recommendation from an unrelated party such as a clergy member, high school counselor, youth group leader or teacher, and, if required by the Advisory Committee, a personal interview.
3. No candidate will be denied consideration or selection because of race, religion, gender, nationality or ethnic group.

Number, Amount, And Use of Scholarships

1. A maximum of 5 scholarships will be awarded to eligible students in each of the 4 eligible classes each year, beginning with the high school classes of 2014 and 2015 for the 2015 – 2016 academic year. The class of 2014 will only be eligible for three years of scholarships. The class of 2015 and subsequent classes will be eligible for 4 years of scholarships unless the program terminates. However, if an eligible class does not have 5 eligible students, or it has 5 eligible students, but does not have 5 students selected, fewer than 5 scholarship recipients will be selected for that class for that year.
2. The total amount awarded for scholarships in any year will be the value of the Scholarship Fund in excess of \$1,000,000 as of close of business on March 31, or the closest business day, of that year. If the value of the fund is less than \$1,000,000 on that date, only the minimum \$500 per student scholarship will be awarded. The amount of each scholarship will be determined by dividing the total amount to be awarded for that year by the total number of scholarship recipients, however not to exceed \$5,000 per student and (except as provided in paragraph 3 below) not less than \$500 per student.

3. Scholarships are only for tuition and fees required for enrollment or attendance of a student at an Educational Institution. Scholarship amounts shall not exceed a student's tuition and fees minus any grants or other scholarships. Unused scholarship amounts in a year, will not be carried forward, but will be kept in or added back to the Scholarship Fund. If a student withdraws from the institution during the time when tuition and fees can be refunded, they must be returned to the Scholarship Fund. Payment will be made directly to each recipient's Educational Institution.
